

Ensure Plus crème

1.4 kcal/g complete, balanced, dessert-style nutritional supplement

PRESENTATION

- Presented in 4 x 125 g (171 kcal) pots.
- Available in banana, chocolate, neutral and vanilla flavours.

USES

Food for Special Medical Purposes, for use under medical supervision. Suitable as a nutritional supplement or as a sole source of nutrition for patients who cannot or will not eat sufficient quantities of everyday food and drink to meet their nutritional requirements.

Nutritionally complete for vitamins and minerals in 1100 g (excluding electrolytes, calculated using the UK Reference Nutrient Intake for men aged 19-50 years).

COMMUNITY USE—PRESCRIPTIONS

Can be prescribed on a FP10 (GP10 in Scotland) for the following indications:

- Disease-related malnutrition
- Total gastrectomy
- Short bowel syndrome
- Bowel fistulae
- Intractable malabsorption
- Pre-operative preparation of patients who are malnourished
- Proven inflammatory bowel disease
- CAPD
- Haemodialysis
- Dysphagia

All prescriptions should be endorsed ACBS (Advisory Committee on Borderline Substances).

Also available on the DPS (Drugs Payment Scheme) and the GMS (General Medical Services) Scheme in Ireland.

STORAGE & DIRECTIONS FOR USE

- Store unopened at room temperature.
- Ready for use. Open immediately prior to use.
- Best served chilled.
- Once opened, unused product should be covered and stored in a refrigerator. Unused contents should be discarded after 24 hours.

PRECAUTIONS

- In patients receiving some medications there may be a risk of drug nutrient interactions (e.g. warfarin and vitamin K). Careful prescribing and monitoring practices will serve to reduce the risk (please refer to pharmacist).
- Patients should not make any additions to the feed without consulting their pharmacist or dietitian.
- Unless recommended by a healthcare professional, not intended for use in children.
- Many nutritional products contain sucrose and other sugars. It is important for patients who are taking supplements as sip feeds to observe good oral hygiene. It is suggested that patients consult with their dentist for further advice.

CONTRA-INDICATIONS

- FOR ENTERAL USE ONLY.
- Do not use in children under 1 year of age.
- Not for use in galactosaemia.
- Suitable for people with diabetes provided that routine glucose checks are performed.

INGREDIENTS

Water, sucrose, **milk** protein, vegetable oils (canola, high oleic sunflower, corn), modified corn starch, maltodextrin, minerals (sodium citrate, potassium citrate, magnesium phosphate, potassium chloride, magnesium chloride, ferrous sulphate, zinc sulphate, manganese sulphate, tricalcium phosphate, cupric sulphate, sodium molybdate, potassium iodide, sodium selenate, chromium chloride), **soy** protein isolate, flavouring, emulsifier: **soy** lecithin, thickeners (E460, E466), vitamins (C, E, niacinamide, calcium pantothenate, B6, B1, B2, beta carotene, vitamin A palmitate, folic acid, K1, biotin, D3, B12), choline chloride.

Note: all information based on vanilla flavour. Some minor differences exist between flavours.
